Professional Summary

Front-End Developer with 2+ years of experience building high-performance web applications using React.js, Next.js, TypeScript, and Tailwind CSS. Known for translating Figma designs into pixel-perfect interfaces, integrating REST APIs, and delivering accessible, cross-browser compatible products that drive measurable business results.

Professional Experience

Front-End Developer - Full-time (Remote)

Oct 2025 – Present

Matrix Minds IT

- Build and maintain web applications using React.js, Next.js, and TypeScript.
- Improved performance by 30% using code splitting and lazy loading.
- Developed responsive web interfaces for desktop and mobile devices.
- Achieved 98% cross-browser compatibility across Chrome, Firefox, Safari, and Edge.
- Integrated REST APIs for real-time data updates, dynamic content, and workflow-based forms.
- Collaborated with designers and backend engineers to deliver user-focused features.
- Reduced development time by 35% by creating reusable UI components.
- Increased team productivity by 40%.

Front-End Developer - Full-time (Remote)

Oct 2023 – Oct 2025

Oriented Coders

- Delivered 3+ production-ready web applications using React.js, Next.js, TypeScript, and Tailwind CSS.
- Built a modular component library and accelerated development speed by 40%.
- Translated Figma designs into clean, accessible, and production-ready interfaces with 95% design accuracy.
- Ensured responsive behavior and cross-browser compatibility through testing.

Projects

Kepta — Task & Board Management Platform

[[Live Demo](#)]

- Full-featured project management tool with workspaces, Kanban boards, drag-and-drop functionality, custom columns, comments, and workspace member management.
- Built with React.js, Next.js, TypeScript — monorepo architecture. Boosted team productivity by 40%.

Course Master — E-Learning Platform

- E-learning platform supporting 1,000+ users with course uploads, attendance tracking, dashboards, and multi-tenant support for teachers and students.
- Built with React.js, Next.js, TypeScript, and Tailwind CSS.

Safety Zone — Fire Protection Web App

- Modern fire protection web application with 25% improvement in load time through performance optimization.
- Built with React.js, Next.js, TypeScript, and Tailwind CSS.

Oriented Coders — Marketing Website & Dashboard

- Official marketing website and internal dashboard for jobs, news, reviews, and applications. Increased organic traffic by 20%.
- Built with React.js, Next.js, and Tailwind CSS.

Technical Skills

Frontend Development: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3

UI Development: Tailwind CSS, Responsive Design, Mobile-First Design, Cross-Browser Compatibility, Accessibility (WCAG), Figma to Code

Tools: Git, GitHub, Figma, REST APIs, Vercel, SEO

Core Concepts: Reusable Components, API Integration, Component-Based Architecture, Clean Code, Code Splitting, Lazy Loading, Monorepo Architecture

Soft Skills

Communication – Collaboration – Teamwork – Problem Solving – Time Management – Attention to Detail

Education

Bachelor of Law 2019 - 2023
Assiut University

Languages

Arabic – Native **English** – Fluent

Additional Information

Military Service: Completed
