PROFESSIONAL SUMMARY

Front-End Developer with 3+ years shipping production web applications in React.js, Next.js, and TypeScript — including a corporate website, a Kanban-style project-management platform, and role-based dashboards. Specialized in converting Figma designs into pixel-accurate, accessible (WCAG) interfaces, with a focus on performance through Next.js rendering strategies (SSR/SSG) and code-splitting. Experienced across the full delivery cycle, from client requirements to deployment on Vercel.

TECHNICAL SKILLS

Core: React.js, Next.js (SSR, SSG, ISR), TypeScript, JavaScript (ES6+), HTML5, CSS3

UI & Styling: Tailwind CSS, Responsive / Mobile-First Design, Accessibility (WCAG), Figma-to-Code

State & Data: React Hooks, Context API, REST API Integration

Performance & Quality: Code-Splitting, Lazy Loading, SEO-Optimized Structure, Cross-Browser & Cross-Device Testing

Tools & Workflow: Git, GitHub, Vercel, AI-assisted development (Cursor, Claude Code — Anthropic certified)

EXPERIENCE

Front-End Developer | Matrix Minds IT

Oct 2025 – Present

Cairo-based IT services company delivering web platforms for business clients.

- Built and shipped the company's official website (matrixmindsit.com, live) with Next.js, TypeScript, and Tailwind CSS — mobile-first, SEO-optimized, and accessible (WCAG-compliant).
- Developed Kevta, a GitHub-style project-management platform (live at kevta.matrixmindsit.com), implementing drag-and-drop Kanban boards, status columns, workspace management, and responsive dashboards.
- Applied code-splitting and lazy loading in Next.js to improve initial page load performance.
- Established a reusable, typed component library adopted across the team's projects, improving codebase maintainability.
- Integrate REST APIs and implement dynamic front-end workflows for desktop and mobile, collaborating daily with designers and backend developers in a cross-functional team.

Front-End Developer | Oriented Coders

Oct 2023 – Oct 2025

Software house building custom web applications for local and regional clients.

- Delivered multiple client web applications in React.js and Next.js over two years, converting Figma designs into responsive, production-ready interfaces on schedule.
- Built Course Master, a role-based e-learning platform with separate instructor and student dashboards, course management, enrollment handling, and REST-integrated dynamic data rendering.
- Developed Safety Zone, an internal operations dashboard for a fire-protection company, building responsive admin interfaces for services and workflow management.
- Improved component structure and code quality through reusable, typed components; tested across major browsers and screen sizes to guarantee cross-device compatibility.

Freelance Front-End Developer | Remote / Project-Based

Dec 2022 – Oct 2023

- Delivered responsive web applications end-to-end for remote clients — gathering requirements directly, integrating REST APIs, optimizing front-end performance, and managing timelines independently across multiple concurrent engagements.

SELECTED PROJECTS

Kevta — Task & Board Management Platform <https://kevta.app/>

- GitHub-like project management with workspaces, draggable Kanban boards, and status columns. React.js · Next.js · TypeScript · Tailwind CSS.

Matrix Minds IT — Corporate Website matrixmindsit.com

- SEO-optimized, mobile-first company site with clean, accessible UI. Next.js · TypeScript · Tailwind CSS.

Course Master — E-Learning Platform

- Role-based instructor/student dashboards, enrollment handling, REST-driven rendering. Next.js · TypeScript · Tailwind CSS.

Safety Zone — Internal Operations Dashboard

- Responsive admin interfaces for a fire-protection company, managing services and workflow operations. React.js · Next.js · Tailwind CSS.

EDUCATION & CERTIFICATIONS

- Claude Code 101, Anthropic (2026) — verify.skilljar.com/c/euj8v6b6jeva
- Bachelor of Law, Assiut University (2019–2023) — career transition to front-end development through intensive project-based training in React.js, Next.js, and TypeScript.
- Languages: Arabic (Native) · English (Professional Working Proficiency) · Military service: Completed
